application for any additional FAA authority needed to conduct the proposed operations.

- (t) A description of the service to be operated if the application is granted, including:
- (1) A forecast Balance Sheet for the first normal year ending after the initially proposed operations have been incorporated, along with the assumptions underlying the accounts and amounts shown; and
- (2) A forecast Income Statement, broken down by quarters, for the first year ending after the initially proposed operations are normalized, and an itemization of all pre-operating and start-up costs associated with the initiation of the proposed service. Such Income Statement shall include estimated revenue block hours (or airborne hours, for charter operators) and revenue miles by type of aircraft, number of passengers and number of tons of mail and cargo to be carried, transport revenues and an estimate of the traffic which would be generated in each market receiving the proposed service. Such statements shall also include a statement as to whether the statements were prepared on the accrual or cash basis, an explanation of how the estimated costs and revenues were developed, a description of the manner in which costs and revenues are allocated. how the underlying traffic forecasts were made, and what load factor has been assumed for the average and peak month. Pre-operating and start-up costs should include, but are not limited to, the following: Obtaining necessary government approval; establishing stations; introductory advertising; aircraft, equipment and space facility deposits and rent; training; and salaries earned prior to start-up.
- (u) A signed counterpart of Agreement 18900 (OST Form 4523) as required by part 203 of this chapter.
- (v) The following certification, which shall accompany the application and all subsequent written submissions filed by the applicant in connection with its application:

Pursuant to title 18 United States Code section 1001, I [the individual signing the application, who shall be a principal owner, senior officer, or internal counsel of the applicant], in my individual capacity and as the authorized representative of the appli-

cant, have not in any manner knowingly and willfully falsified, concealed or covered up any material fact or made any false, fictitious, or fraudulent statement or knowingly used any documents which contain such statements in connection with the preparation, filing or prosecution of the application. I understand that an individual who is found to have violated the provisions of 18 U.S.C. section 1001 shall be fined nor more than \$10,000 or imprisoned not more than five years, or both.

§ 204.4 Carriers proposing to provide essential air service.

Applicants proposing to provide essential air service have been divided into two categories, and are subject to differing data submission requirements as set forth in paragraphs (a) and (b) of this section. However, if a carrier has previously filed any of the required data with the Department or other Federal agency and they are available to the Department, and these data continue to reflect the current state of the carrier's fitness, the carrier may instead identify the data and provide a citation for the date and place of filing. All carriers may contact the Air Carrier Fitness Division to ascertain what information is already available to the Department and thus may not need to be resubmitted.

- (a) Carriers who propose to begin or expand non-subsidized essential air service when the incumbent leaves the market must file the following information:
- (1) All of the information required under § 204.3 of this part.
- (2) A description of the back-up aircraft available to the applicant, including:
- (i) The number of each type of such aircraft:
- (ii) The conditions under which such aircraft will be available to the carrier;
- (iii) The carrier's plans for financing the acquisition or lease of such additional aircraft; and
- (iv) A sworn affidavit stating that all such aircraft have been certified by the

§ 204.5

FAA and currently comply with all FAA safety standards.

- (3) A description of the fuel available to perform the proposed essential air services and the carrier's contracts with fuel suppliers.
- (4) The carrier's systemwide on-time and completion record for the preceding year and, if applicable, in the subject market(s).
- (5) A list of the markets the carrier serves and the number of weekly round trips it provides in each.
- (6) A description of the average number of block hours each type of aircraft is currently flown per day.
- (7) An estimate of the impact the proposed essential air service would have on the carrier's utilization of its aircraft fleet.
- (8) A detailed schedule of the service to be provided, including times of arrivals and departures, the aircraft to be used for each flight, and the fares to be charged.
- (9) A pro-forma income statement for the proposed operation for the first annual period.
- (b) Carriers filing proposals to provide subsidized service in response to an order inviting proposals shall file:
- (1) All of the information required under § 204.3 of this part.
- (2) All of the information required under paragraph (a) of this section.
- (3) A forecast Income Statement covering the operations conducted in essential air service for the first year following the initiation of the proposed essential services. Such statement shall include:
 - (i) Subsidy needed;
- (ii) Estimated block hours and revenue miles by type of aircraft;
- (iii) Total projected revenue including volumes of passengers and freight by essential air service market and the associated fares and rates;
- (iv) An explanation of the derivation of estimates of operating expenses; and
- (v) A description of the manner in which costs and revenues are allocated.
- (4) A traffic forecast including a load factor analysis on all segments between the small community and the hub; and an estimate of the number of

seats available to and from the eligible point each day.

§ 204.5 Certificated and commuter air carriers undergoing or proposing to undergo substantial change in operations, ownership, or management.

- (a) A certificated or commuter air carrier proposing a substantial change in operations, ownership or management shall file the data set forth in §204.3. These data must be submitted in cases where:
- (1) The proposed change requires new or amended authority, or
- (2) Although the carrier's existing certificate or commuter authority is adequate for the performance of its planned services, the change substantially alters the factors upon which its latest fitness finding is based.
- (b) Information which a carrier has previously formally filed with the Department, or with another Federal agency where they are available to the Department, which continues to reflect the current state of the carrier's fitness may be omitted. The carrier instead should identify the data and provide a citation for the date(s) and place(s) of filing. Prior to filing any data, the carrier may contact the Department (Air Carriers Fitness Division) to ascertain what data required by this section, if any, are already available to the Department or are not applicable to the substantial change in question and need not be included in the filing.
- (c) Information filings pursuant to this section made to support an application for new or amended certificate authority shall be filed with the application and addressed to the Documentary Services Division, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Information filed in support of a certificated or commuter air carrier's continuing fitness to operate under its existing authority in light of substantial changes in its operations, ownership or management shall be addressed to the Chief,
